

Hugo Lebeau

hugo.lebeau@univ-grenoble-alpes.fr • hugolebeau.github.io • +33 624 687 985

French, born in Amiens, 27 years old

Family and environmental considerations influence my career choices.

Research topics (PhD)

My PhD work is based on the **theory of large random matrices**, which serves as a tool to provide insights into complex learning tasks on large-dimensional data such as data stream clustering, multi-view clustering and time-varying clustering. Most of the models considered fall within the study of **large random tensors** and their low-rank approximations.

Education

- 2021 – 2024 **Université Grenoble Alpes** – Laboratoire d’Informatique de Grenoble, France
PhD – Random Matrix and Tensor Models for Large Data Processing
“Teaching in Higher-Education” track.
Supervision: Romain Couillet, Florent Chatelain.
- 2020 – 2021 **ENS Paris-Saclay** – Gif-sur-Yvette, France
Master MVA – Mathematics, Vision and Learning
With honors of the jury.
- 2017 – 2021 **ENSTA Paris** – Palaiseau, France
Diplôme d’Ingénieur – Applied Mathematics, Optimization and Data Science
Ranked in the top 5% among 150 students.

Publications

- 2024 **A Random Matrix Approach to Low-Multilinear-Rank Tensor Approximation**
Hugo Lebeau, Florent Chatelain, Romain Couillet.
Submitted to *Journal of Machine Learning Research (JMLR)*.
- 2024 **Asymptotic Gaussian Fluctuations of Eigenvectors in Spectral Clustering**
Hugo Lebeau, Florent Chatelain, Romain Couillet.
IEEE Signal Processing Letters.

- 2024 **Performance Gaps in Multi-view Clustering under the Nested Matrix-Tensor Model**
Hugo Lebeau, Mohamed El Amine Seddik, José Henrique De Moraes Goulart.
International Conference on Learning Representations (ICLR).
- 2023 **HOSVD Tronquée : Analyse d'une Approximation Tensorielle Rapide**
Hugo Lebeau, Romain Couillet, Florent Chatelain.
Colloque GRETSI.
- 2022 **Une analyse par matrices aléatoires du clustering en ligne : comprendre l'impact des limitations en mémoire**
Hugo Lebeau, Romain Couillet, Florent Chatelain.
Colloque GRETSI.
- 2022 **A Random Matrix Analysis of Data Stream Clustering: Coping With Limited Memory Resources**
Hugo Lebeau, Romain Couillet, Florent Chatelain.
International Conference on Machine Learning (ICML).

Research experience

- April 2021 – September 2021 **Research Internship in Machine Learning** – GIPSA-lab, UGA
Supervision: Romain Couillet, Florent Chatelain.
Analysis of online learning using random matrix theory.
- March 2020 – July 2020 **Research Internship in Image Processing** – CEA, Saclay, France
Supervision: Antoine Drouart.
Implementation of proximal algorithms to improve the quality of industrial neutron imaging.
- May 2019 – June 2019 **Research Internship in Statistics** – Politecnico di Milano
Supervision: Laura Maria Sangalli.
Statistical and numerical methods for functional data on complex multidimensional domains.

Teaching experience

- Spring 2022 – 2024 **Teaching assistant, Random Matrix Theory and Machine Learning (ENS Paris-Saclay, Master MVA)**
Graduate level – 9 hours / year
Introduction to the theory of large random matrices and their applications to machine learning.

Fall 2021 – 2023	Teaching assistant, INF103: Introduction to Artificial Intelligence (UGA) Undergraduate level – 18 hours / year Introduction to basic concepts of machine learning: datasets, classifiers, training, performance evaluation, data processing.
Spring 2023 – 2024	Teaching assistant, STA401: Statistics and Probabilities (UGA) Undergraduate level – 18 hours / year Basics of probabilities, standard probability laws, descriptive statistics, estimation, hypothesis testing.
Fall 2022	Teaching assistant, Introduction to Machine Learning (Grenoble INP, ENSE³ & Master MARS) Graduate level – 18 hours Overview of the main tools in machine learning: model assessment, discriminant analysis, PCA, GLM and penalization, clustering with EM and k -means, trees and random forests, deep learning.
Spring 2022	Teaching assistant, INF201: Functional Programming (UGA) Undergraduate level – 36 hours Introduction to functional programming with OCAML.

Industry experience

September 2019 – February 2020	AXA Climate (Data Scientist Internship) – Paris, France Weather data modeling and risk assessment for parametric insurance pricing.
August 2018	Hotel Mikazuki (Internship) – Katsuura, Japan Daily bed-making.

Talks and tutorials

June 2023	Truncated HOSVD: A Random Matrix Analysis <i>INFORMS APS Conference</i>
November 2022	A Random Matrix Analysis of Data Stream Clustering: Coping With Limited Memory Resources <i>3IA Doctoral Workshop</i>

Technical skills

Programming languages

Proficient in: Python

Familiar with: R, Julia, MATLAB, C, C++, OCaml

Software

L^AT_EX, Git

Languages

English (fluent), French (mother tongue), German (B2)

Other interests

I love road and trail running and the science behind it (physiology, nutrition, training). I enjoy cycling and hiking. I am interested in physics and philosophy. I regularly read French literature.
